

Inspiring Learning, Enriching Lives

Skills Wales Academy offers a range of apprenticeships in various sectors supporting learners to gain recognised qualifications within their chosen profession and employers to enhance their business and upskill their workforce. Opportunities are available to undertake some or all of your apprenticeship programme through the medium of Welsh, or bilingually.

The Apprenticeship programme allows Apprentices to:

- Work alongside experienced staff;
- Gain job-specific skills;
- Receive training and support from skilled tutors and assessors;
- Gain professional qualifications; and
- Earn a wage.

Apprenticeships usually take between one and four years to complete, depending on the occupational sector and the level.
